DAY-18

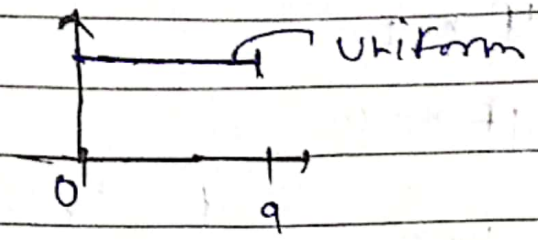
PAGE NO.:
DATE:

(#) Uniform Distribution :-

it is continous distribution

→ it: equally likely to occurs

(*)



(*) PDF $\boxed{F(x) = \frac{1}{b-a}}$ $a \le x \le b$

→ mean $= \frac{a+b}{2}$

→ variance $= \frac{(b-a)^2}{12}$

(#) Use-cases :-

- Random value generator
- Game (ludo, card)
